

# **My Brother**

## **By: Samantha Bean**

**My brother,  
Has been more than a brother to me  
A friend, a foe, a little more  
Than just a brother to me.**

**My buddy, my pal,  
My friend till the end,  
These few words help to describe  
About this wonderful brother, my friend.**

**But then one day, something changed,  
Between my brother and me  
7,000 miles came between us,  
He was leaving to go overseas.**

**I'll never forget the day he left,  
It was a very sad day for me,  
How long will he be in Qatar?  
Please answer that for me.**

**I know he is happy  
So I choose also to be  
Because I care about him  
He means so much to me.**
