

Brothers-

Sarah Macdonald-6th Grade

I have a folder of memories,
that my brother gave to me
it has posters, and letters, even pictures
of us having cookies and tea.

I always know that there's,
those presents he gives to you
you say you like it but that is totally untrue
I know you say you never do
but you do, you really do.

and I just love it when they hug me very tight
but I also hate it when he bites
and there's also when he fights
but just remember that he loves me with all his might .

or when I give him piggy backs rides
and when he runs and hides.
next time when he buys me that special gift
I'll remember what God had rewarded me with.
