

# Ecuador

By:

*Micah Spegman*

I have been to Ecuador  
I have seen where Nate Saint came ashore  
I have seen where all the Waorani like to snore  
I have enjoyed this more than I can describe  
I have been to Ecuador

I have been to Ecuador  
Where I have seen the mountain peaks soar  
I have been where the Earth divides  
I shall love it evermore  
I have been to Ecuador

I have been to Ecuador  
I have seen the streams and Ocean roar  
I have been to the market and the store  
Where the Galapagos are there to stay  
I have been to Ecuador

I have been to Ecuador  
I have heard its languages  
I have heard Quechua and Spanish  
These are the languages of Ecuador  
I have been to Ecuador

I have been to Ecuador  
A place for me and my family to explore  
It once was home of my grandparents, you see  
But now a vacation spot for my family  
I have been to Ecuador

I have been to Ecuador  
A place where my mind and spirit soar  
All of this when I was ten  
But I hope to return again  
I have been to Ecuador
