

Spending the Night at My Grandparents

When I go to my Grandparents House
my Grandma is always in the kitchen,
my Grandpap is watching football or on the computer.

I love to help my Grandma make dinner
and set the table.

I always go around the house and ask
what they want to drink.

After we eat our delicious meal
I take a shower, and then sit with my Grandpap,
and watch silly cartoons, and have some of his delicious pie.

My Grandma comes and asks
if we want to play games.

I happily play Down-under, Mancala,
Yatzee, Uno, until bedtime comes.

I wake up extremely early,
sit with my Grandpap and watch cartoons
until Grandma wakes up.

I want to help Grandma make breakfast.

I love going to my Grandparent's house
because I make memories that last forever.

I will remember the fragrance
of baking delicious meals.
