Meeting with the session

By now you will have found the special invitation from the Session of Catalina Foothills Church to a meeting of both PRCA and CCA faculties in the church worship center at 4:00 PM. I was specifically asked not to give you the letter until today and the Session asked me to assure you that they understand that some of you will have made other plans and will not be able to stay. For that reason, they have given me a letter which I am instructed to pass out to those people who are not able to remain for the joint meeting. That letter will be distributed at the end of the in-service training tomorrow.

Adding a personal note, I realize that there is a full hour and a half between the end of our in-service and the joint meeting at 4:00, but it would mean a lot to me personally to have a large Cornerstone representation there. There are going to be additional announcements beyond the agenda printed in the invitation, and you will benefit from hearing these plans first hand. We are already fewer in number than the PRCA faculty, and if our numbers are decimated, it will be a poor show of respect to the session considering that the Pusch Ridge faculty had to drive around the mountain to get to the meeting, and we only had to walk across the street.

Final in-service with Allen Cooney

Tomorrow will be our third and final Friday in-service with Rev. Allen Cooney in his “Reading the Bible with the Imagination Wide-Awake” series. Please be on time at 12:30 in the library. You may bring your lunch with you. Bible CEU certificates will be passed out at the end of the session.

A reminder from “Safety Brian”

This is a reminder for us all to be especially vigilant in our supervisory duties during the playground installation. The men working on this project work for Northwest Landscaping – our landscaping company. They have not been given background checks or any other clearance that I’m aware of. Therefore, since we do not know these men, *do not allow students to be out of your sight while they are on campus.* Do what is necessary to avoid having your students unsupervised during this time.
